

June 2023

Leidy Microscopical Society
By Eric Brosius

There was no Leidy Microscopical Society meeting in May 2023. This was agreed upon during the 2022 July annual summer picnic meeting as part of a trial revised meeting schedule. The revised meeting schedule will be revisited at this summer's picnic meeting to see if it continues as the group had planned or to revert to the monthly meetings.

The next scheduled meeting is Thursday June 15, 2023, 7:30 PM at the Northminster Presbyterian Church, 140 Trenton Rd, Fairless Hills, PA 19030. The subject of the meeting will be a Micromount Roundtable. Members and guests are requested to bring what you are currently working on or just some of your favorite mounts to show off to your fellow micromounters.

As a reminder, the annual summer picnic is scheduled for July 15, 2023, at the home of John and Karen Ferrante. Those attending are requested to bring what they have normally provided at previous picnics.
